Bring Your Own Data (BYOD): Exploring AI, ML, and Data Science Applications in Nuclear Engineering.

February 07th, 2024 | 16:00 – 17:00 CST | AIEN M111

Join us for weekly coffee chats to learn about the exciting intersection of Data Science, AI/ML, Digital Twina (DTs), and Large Language Moldes (LLMs) in Nuclear Engineering!

This event is for NUEN Students interested in learning and incorporating data science into their research or capstone projects, NUEN professionals curious about Data Science, AI/ML, DTs, and LLMs in nuclear applications.

What to Expect
Engaging discussions, Hands-on activities, Educational videos, Networking opportunities, Free coffee and snacks!
